

The Growth Company

Fenestration Fabricator Apprenticeship

LEVEL 2

This apprenticeship is for those work in the construction sector, manufacturing fenestration products such as conservatory roofing, curtain walls, glazed doors, glazed screening, roof lanterns, roof lights, patent/slope glazing, secondary glazing, shop fronts and windows.

Fenestration Fabricators may supply directly to homeowners (retail/domestic market), the new-build market (house builders) or the commercial and public sector (local authorities, offices, shops, schools and hospitals etc). They can also supply the commercial refurbishment market.

Typical job roles include:

- Aluminium/uPVC Fabricator
- Double Glazing Window Factory Fabricator
- Fabricator
- Production Operative
- Windows/Doors Fabricator

The apprenticeship standard covers a wide range of knowledge, skills and behaviours which include:

- Legislation, regulations and industry standards
- Health and safety
- Techniques for fitting components
- Processes for handover to other functions/customers
- Interim and final checking requirements
- How to stack and store products and materials safely, effectively and securely

Duration:

16 – 18 year old – 26 months
19+ - 24 months

Apprentices without level 1 English and maths will need to achieve this level and apprentices without level 2 English and maths will need to take the tests for this level prior to taking the end-point assessment. For those with an education, health and care plan or a legacy statement, the apprenticeship's English and maths minimum requirement is Entry Level 3.

Apprentices must spend 20% of their contracted hours completing off-the-job training which works out around 1 day per working week.
