

## Term Dates for Courses for 16–19-Year-Olds Delivered at Skills Centres

**Our programmes are delivered in different ways depending on the learner's age and pathway.**

For 16–19 year olds, we offer Education Programmes for Young People (EPYP), which are delivered at our Skills Centres and follow set term dates. Alongside this, we deliver apprenticeships and a range of adult and HE courses that run year-round. These programmes are designed to fit around the workplace, allowing learners to start at various points throughout the year and progress continuously rather than term by term.

If you are aged 16–19, attending one of our Skills Centres and enrolled on a course (not an apprenticeship), see dates below:

2026
